Intergalactic Healing Modality

About The Program:

One of the main reasons for this current healing modality is a need for advanced practitioners to accelerate their development beyond what was expected of them in this lifetime.

This healing system does this both for the practitioner as well as those who come for healings.

Who are The Intergalactics:

The Intergalactics are a form of consciousness sourced from the center of our Milky Way Galaxy and are here to help raise the vibratory rate of the planet.

They are associated with the Thrones (Spirits of Will) who are part of the Spiritual Hierarchy.

The program goes over who are the Intergalactics in more detail.

This complete healing system consists of 6 main healing frequencies with 3 variants for each main healing frequency.

The 3 variants for each main frequency are: balanced, masculine (yang) and feminine (yin).

In total you will be attuned to 18 possible combinations of healing frequencies.

Training:

The training involves 18 thirty-five minute transmissions meant to attune you to these frequencies. These healing frequencies are sourced from the Divine, come through the Intergalactic Consciousness, and then to the consciousness and subtle bodies of the facilitator and client.

By the end of this training, you will have a complete healing system that you can use either alone or in conjunction with other healing modalities. In addition, you will be anchoring more galactic and interstellar energies, frequencies, and consciousness onto the planet.

4 Stages of Awareness

1. Victimhood: blaming everybody else
2. Empowerment: you grow wings
3. Surrender: give up (become again a victim)
giving it to the divine, you join forces
4. Awakening (enlightenment): The Divine lives and
breathes through you

Reflection

What if that which I call "the Universe" is actually the reflection and projection of everything I think and believe that I know, the vast majority of which is hidden from me and by me; much of which is entangled with the EMOTIONS (from prior trauma or wounds) that I am suppressing and avoiding---endlessly reflecting back to me, so I can remember and choose again?

"It is impossible for a human being to consistently behave in a manner that is inconsistent with their own self=image"

Maxwell Maltz

Reflection

1. Who am I when I'm my best expression?
2. What am I grateful for?
3. What does my heart truly long for?
4. How can I help others?
5. How can I heal others?
6. How can I serve others using my unique energy or my special talents?
7. How can I serve others doing what I love to do?
